

PRESIDENT'S CORNER

ADDING VALUE TO YOUR NJAPZA MEMBERSHIP

After an especially long and grueling winter, it's wonderful to welcome Spring. Our newsletter comes to you a bit earlier than usual, as we are very anxious to share some exciting news with our membership. The NJAPZA Executive Board and Education Committee have been exploring options on how to best assist our membership through these economically challenging times in addition to developing new and unique membership benefits. Guided by our mission statement and primary goal *to educate its members to the legal requirements of planning and zoning administration and public employment and thereby promote a better understanding of the official duties and obligations of its members*, we are pleased to announce yet another benefit of membership. Your **\$45.00** 2011 membership fee now entitles you to a **\$40.00 credit** to our Annual June conference co-sponsored with Rutgers Continuing Studies. Please be sure to read the Education portion of this newsletter and watch for e-mails regarding this new benefit of membership as there are guidelines and deadlines to be followed.

I would like to thank Ilene Cutroneo, our Education Committee Chair who spearheaded this change. Along with Jackie Zelinka of Rutgers and the Education Committee; she has worked diligently planning our June session which promises to be informative and timely. In addition to our Keynote Speaker and Louis Rago, Esq., the afternoon breakout sessions will allow you to select the education best suited to your needs and interests. The opportunity to network and socialize with our colleagues throughout the day provides an added benefit that is invaluable, as well as enjoyable. Speaking of networking, don't miss President-Elect Frank Vuoso's article regarding our new Association site on [LinkedIn](#)-Group: NJ Association of Planning and Zoning Administrators

Please continue to check our website www.njapza.org for important updates and information.

I would like thank the Executive Board and Education Committee for their efforts to improve and enhance the educational programs and benefits for our membership. It continues to be a privilege to work with these exceptional and dedicated professionals.

BY: ADELE LEWIS

On behalf of the Association, I extend a sincere invitation to all our members to become more involved. Please feel free to approach any Executive Board member regarding volunteer opportunities for any of the committees. We always encourage and welcome new volunteers.

Mentoring Program

The primary mission of the NJAPZA is to educate, enhance and assist members. In 2006, NJAPZA started its Mentoring Program which was made available to all newly certified Board Secretaries, Board Administrators and Zoning Officers offering the support needed to become competent and confident land use professionals. During that time, we have been very fortunate to have within NJAPZA many competent and highly qualified individuals who were available to work within the program. As with everything, over the years our list of available mentors has decreased due to various reasons, and we are once again reaching out to our membership in seeking certified members, willing to work to advance the development of our new group of certificate holders. You, the mentor, will offer guidance and be a valued resource as the new certificate holder faces the challenges of their position.

Please remember that the benefits of mentoring are not limited to the new certificate holders that you would be assisting. As a mentor, you will experience professional growth as you reexamine your own practices to share expertise and perhaps approach your job from a new and improved advantage point.

Any member who is interested in being considered as a Mentor, please contact me via email at icutroneo@princeton-township.nj.us or by phone 609-924-5366.

“THE PRIMARY MISSION OF THE NJAPZA IS TO EDUCATE, ENHANCE AND ASSIST MEMBERS.”
